I have read the *St. Bernadette Catholic School Computer/Internet Acceptable Use Policy* and understand that the internet is a worldwide group of hundreds of thousands of computer networks. I know that although St. Bernadette School filters all sites for appropriateness of material, the school does not control the content of these networks, some of which may be offensive or controversial. I give my permission to allow my child to search for retrieve information that is related to class projects. However I also understand that my child will only be allowed this privilege as long as he/she follows the procedures described in the *St. Bernadette Catholic School Computer/Internet Acceptable Use Policy*.
